

# HICKORY

North Carolina

## CITY SNIPPETS

Information. Well Crafted.

### RESIDENTIAL RECYCLING INFORMATION

The City of Hickory offers residential curbside recycling service, which is picked up every other week on the same day as garbage collection. A map depicting the A and B Schedules and pickup dates is available on the City website on the Residential Recycling page. The FY2023-2024 Recycling Calendars are available below. If you have a problem with collection, are in need of a recycling rollout, or have questions concerning what can be recycled, call Public Services at 828-323-7500.

### Your 2023-2024 Recycling Collection Pick Up Schedule A

Recycling is collected every other week (highlighted below) on your regularly scheduled garbage day.

# FLOOD SAFETY INFORMATION FROM READYNC.GOV

Floods are one of the most common dangers in the United States. Floods can occur at any time of the year and just about anywhere in North Carolina. They may be caused by large amounts of rain, hurricanes, or dam failures. Anywhere it rains, it can flood.

Flooding is dangerous whether you are in your home, driving, or on foot. Just a few inches of water can knock you off your feet or sweep your car away. Never drive through flooded roadways. Stay away from swollen streams and rivers.

Turn Around. Don't Drown.

Be aware that most insurance policies do not include flood damage. Think about buying a separate flood insurance policy. You can find out if your home is in a floodplain at [www.flood.nc.gov](http://www.flood.nc.gov).

**Know the terms:**

- Flood watch – rainfall is heavy enough to cause rivers to overflow their banks. Flooding is possible.
- Flood warning – flooding is occurring or very likely to happen in an affected river, lake, or tidewater area. If told to leave, do so immediately.
- Flash flood watch – flash flooding in specified areas is possible. Be alert! You may need to take quick action.
- Flash flood warning – flash flooding is occurring or is likely to happen along certain streams and select areas. Get to a safe place immediately!

**To prepare for a flood:**

- Sign up to receive CodeRED Alerts from the City of Hickory and Catawba County. You can do this on the HOW DO I section of the City website.
- Build an emergency kit and make a family communications plan.
- Do not build in a floodplain unless you raise it up and support your home.
- Raise up the furnace, water heater, and electric panel in your home if you live in a high flood risk area.
- Think about putting in "check valves" to prevent floodwater from backing up into the drains of your home.
- If you can, build barriers to stop floodwater from entering the building. Seal walls in basements with waterproofing compounds.

**THE SAILS ON THE SQUARE 7 PM**
