The signature hereon signifies that I am the person responsible for compliance with the Soil Erosion and Sedimentation Control Ordinance. I acknowledge that County inspection staff may issue Stop Work Orders and/or a summons to appear in Court for deliberate violations of erosion control requirements. I acknowledge that Best Management Practices (BMP's) must be used to control soil erosion on my job site, which includes, at a minimum, all of the following:

- * Installation and daily maintenance of silt barriers (i.e. silt fences, etc.) in those areas where water exits the job site;
- * Installation and daily maintenance of a stone (1 1/2" - 3 1/2" diameter stone) driveway construction entrance to minimize the tracking of mud into the street;
- * Removal of mud from the street or adjacent property immediately following any such occurrence without washing the mud into the storm drainage system;
- * Maintenance and removal of mud from detention ponds and sediment basins;
- * Conduct no land disturbing activities within 30 feet of the banks of streams, lakes, wetlands, etc. (i.e. "state waters");
